CAREERS

Hatcher Stubbs has provided superior legal services to our clients for over 135 years. We continuously seek skilled lawyers and law students to join our legal team.

At Hatcher Stubbs, open doors are the rule rather than the exception, and this attitude extends to every aspect of our practice. We enjoy practicing together and regard the experience as a continuing education in its own right. The Firm encourages its members and employees to continue the Firm's legacy in community, philanthropic, and other non-legal activities outside the office. While we expect lawyers who join the Firm to commit their time and energy to satisfying the expectations and needs of our clients, we also believe that leading full, well-rounded lives helps us better serve our clients and community.

Attorneys

Hatcher Stubbs seeks not only top quality associates and summer associates, but also considers resumes and requests from law students, judicial clerks, and attorneys with established practices. If you are interested in discussing the possibility of bringing your practice to Columbus, please contact us:

Mr. Greg Ellington
Post Office Box 2707
Columbus, GA 31902-2707

Phone: (706) 243-6205
Email: gse@hatcherstubbs.com

Law Students

Each summer we hire a select group of first- and second-year law students to participate in our summer associate program. Our program is comparatively and deliberately small, conducted with a view toward our anticipated hiring needs. The program is designed to give summer associates a sense of the daily experiences of our lawyers, both in and out of the office. We hire students to work both full and half-summer positions. Summer associates are not assigned to a particular practice area but are encouraged to take assignments from various areas of our Firm's practice.

We look for a record of strong academic performance, superior writing ability, and a commitment to the development of legal skills. Because we give our summer associates significant levels of responsibility and client contact, we not only look for superior credentials, but also for maturity, strong "people skills," and judgment.

Compensation And Benefits

We regularly review and update our compensation package to ensure that it is competitive for similar communities and law firms. In addition to our standard compensation package, associates receive health, disability, and life insurance. They also have the opportunity to participate in the Firm's 401(k) Plan after a specified period of service. As part of its commitment to the development of our attorneys' legal skills, the Firm provides a generous annual stipend to attorneys for attending continuing legal education classes. This stipend is also available for client development needs, various professional memberships and civic organization dues.

Non-Attorney Careers

Hatcher Stubbs strives to provide excellent service to clients on a daily basis, while mutually supporting the career goals and objectives of our attorneys and staff. Every member of Hatcher Stubbs has a role that contributes to our operation and success. Hatcher Stubbs seeks qualified legal assistants and paralegals to become members of our practice groups.

We offer competitive compensation benefits and professional growth opportunities with the anticipation that Hatcher Stubbs will be a place for our staff to enjoy a challenging and satisfying career for many years to come.
